

Mudease Machine Service Request

Dealer ID/Name _____ Phone () -

E-Mail _____

Year _____

Make _____

Model _____

VIN _____ Required, call if not available 281 824 4265

Nature or failure (low compression, smoking, knocking Ect.) If unknown just leave blank

Does the vehicle have extensive modifications? (y) (n) (just exhaust/air filter)

Is the factory air box in place and sealed? (y) (n)

If carbureted is the carburetor/s clean and in OEM configuration? (y) (n) (jet kit installed) Note lean condition will void warranty

If fuel injected is the fuel pressure in spec? (y) (n) Note low fuel pressure will destroy a new engine if not rectified and void warranty

What condition was the air filter on the failed engine? (clean) (dirty/good) (dirty/deteriorated) Note new engine needs clean filter!

Has the engine ingested water? (y) (n) (not sure)

Was the engine run without oil? (y) (n)

Was the engine run without coolant (Y) (N)

If equipped was the clutch in good condition (we do not normally inspect the clutch but can replace when in there)
